

HHSBDC Advisor: Monty Henderson

Business Name: Profit WebSystems

Client Name: Brandon Driscoll

Business Address: PO Box 1061105 1/2 E Sycamore St
Kokomo, IN46903

Website address: www.profitws.com

Established: 3/1/2009

Type of Business:

Website/Software/Application Development &
Marketing

Number of Employees: 7

First Visit to SBDC: February 9, 2009

Assistance Requested: Start-up advice on business entity type, funding options and resources

Assistance Provided: SBDC helped me with my business plan and cash flow statements to get business loans. I went to the SBDC to gain advice on establishing incorporation, LLC, ect. I was also involved in the Collegiate Management Program with Kathy Rogers and IUK MBA level students and gained numerous valuable aspects of operating my business.

Results/Impact: Through the assistance of the SBDC office, I was able to get a business loan, vital market research and advice on starting my corporation and even referred business my way. I also gained information from the Collegiate Management Course that I have applied to my business.

Quote: Working with Monty Henderson and Kathy Rogers at the SBDC is very beneficial for my company. In the early stages, their advice on my business plan helped me get a business loan and general business questions I've had throughout the two years they have been able to help me with those questions. On top of the advice from the SBDC, I've also received business from Monty and Kathy. Those types of business resources and connections are vital for a start-up business. I've been so thankful of the work the SBDC does for businesses I've started putting their services and information free in my monthly business magazine.
